SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Level 1	Level 1	Level 1

Seasonal Readiness - Phase 1 of the State Contingency Plan for Excessive Heat Emergency

With the approach of summer, though the state remains in the Phase I Alert condition of Seasonal Readiness, as outlined in the State Contingency Plan for Excessive Heat Emergency. State Agencies/Departments are advised to review existing plans, procedures and resources, to facilitate preparedness for and response to possible excessive heat events, and closely monitor the situation and inform Cal OES of any heat related issues or concerns.

The California State Warning Center continues to monitor the weather statewide for heat or fire weather of concern and state power grid issues, and Cal OES Regions will remain in contact with Operational Areas (Counties) to monitor heat events which may impact local communities, facilities or agencies.

Contingency Plan For Excessive Heat Emergencies can be located at:

Los Coyotes Indian Reservation, San Diego County– Winter Thunderstorm Flash Flood

On 04/11/16, as a result of rains and flash flooding on the Los Coyotes Indian Reservation in San Diego County, Cal EOC Mission Tasking number 2016-Southern-22320 was approved to address the community life safety needs, road repair, and other critical concerns in conjunction with FEMA, Bureau of Indian Affairs (BIA), Cal OES Southern Region, Cal OES Tribal Advisor, Caltrans Region XI, San Diego County OES and Los Coyotes Tribal personnel.

- Mission Tasking number 2016-Southern-22320 has been closed. Caltrans removed the plates on Tuesday, 05/03/16 at about 1030 hours. Plates will still be required before the asphalt can be poured. BIA has acknowledged that the work crew on-site has steel plates available. The asphalt installation may take place on Thursday, 05/05/16.

WEATHER OF CONCERN

Weather of Concern

Northern California:

- Significant rain is coming this week for northeast California, the eastern Sierra, and western Nevada; with the heaviest rains expected between Thursday and Saturday.
- Thunderstorms are also expected, with the strongest cells today and Thursday. Thunderstorms could bring small hail and frequent lightning.
- Stronger cells could drop copious amounts of hail with brief accumulations on roads.
- Localized flooding will become possible late this week, mainly for the typical urban spots susceptible to flooding and near the Washington Fire burn scar area in Alpine County.
